

## CRYPTOMADONNE

### MANIFESTO

We believe in art as a means, a symbol, and  
a value.

We believe in free, transversal, and  
non-elitist art.

We believe that everyone should have the chance to  
express themselves and create.

We believe in collaborative art, in which anyone  
may contribute to the development of new projects,  
consequently becoming a part of the  
artistic production.

We believe in art and what it represents, has  
represented, and wishes to represent; for this  
reason, we want to contribute to its preservation.

We believe irony, audacity, and deconstruction are  
effective ways of communication.

We believe in mankind, its qualities, and its  
immense potential; nonetheless, we  
understand its flaws.

We believe in liberty, equality, and respect.  
Regretfully, we are conscious that these are  
frequently lacking.

We believe in people, in their freedom to choose,  
and in their right to self-determination in  
whichever way they see fit.

We believe in respecting people's choices,  
whatever they may be.

We believe in the individual, in everything it  
represents, desire to represent, and all  
its opposite.

We believe in women, in who they are, and in  
everything they're not allowed to be.  
We believe in women and wish to help them improve  
their narrative through art.
